

Rank	Name	Tie Break
1	Royal Flush 	Cannot be tie unless both players are using the same five community cards. In this case they spit the pot.
2	Straight Flush 	Higher straight flush win. For example: 9♠ 8♠ 7♠ 6♠ 5♠ wins 8♠ 7♠ 6♠ 5♠ 4♠. If both players have the same straight (only when both players using the same five community cards) then they split the pot.
3	Four of A Kind (Quads) 	Higher quads win: for example, A-A-A-A wins K-K-K-K. If same both player has the same quads (using the boards) then the high card kicker is decided. For example, A-5 wins Q-9.
4	Full House 	Higher three of a kind win first. For example K-K-K-9-9 wins Q-Q-Q-J-J. If the same trips, higher pair wins. For example K-K-K-9-9 wins K-K-K-8-8
5	Flush 	Highest card in flush wins. Then most highest, and so on. For Example: A-Q-9-6-5 wins A-J-9-6-5.
6	Straight 	Higher straight flush win. For example: 9-8-7-6-5 wins 8-7-6-5-4
7	Three of A Kind (Trips) 	Higher trips wins. For example, K-K-K wins 9-9-9. If same trips, high card kicker decided.
8	Two Pairs 	Compare higher pair first. If tied, compare lower pair. If still tied, kicker high card decided. For example: J-J-8-8-K wins J-J-8-8-Q
9	One Pair 	Higher pair wins. If same pair, compare kickers in order Example: Q-Q with A-9-4 beats Q-Q with J-10-8
10	High Card 	Compare highest card, then next, etc. Example: A-K-9-6-2 beats A-K-8-7-3
